

FROGUM[®]

CONSTRUCTOR OF TOMORROW

**European leader
in the production of rubber car mats**

FroGum® is an innovative family company with over 35-year international experience in production of car rubber carpets and boot mats. We are continuously building our success on solid foundation of our values.

We are a manufacturer with the widest range of products on the market and we meet the needs and tastes of every Customer. Our products and services must always meet the standards we have set ourselves ambitiously - the highest quality and effective support of our Partners in their business targets.

We always have two aims:

we ensure reliability of our products

we ensure our reliability towards our Partners

Guarantee of profits

Comprehensive offer

Certified quality of products

Reliability of deliveries

Always onwards

More than **35 years** of international experience

More than **30** countries in portfolio

More than **3000** catalogue items

More than **100** employees

More than **7000 sqm** of warehouse area

More than **200** distributors

More than **140 000** of production capacity

Independent manufacturer in the centre of Europe

In Poland there is the seat of FroGum®, where the entire production is carried out.

We have full control over the entire production process and we can care about its quality at each stage.

Our Partners are sure that all orders placed by them will be dispatched on time and their quality will be at the highest level.

Independence from the supply chain

Reliability of deliveries and price stability of our products distinguishes FroGum® on the market.

In FroGum we always think ahead - to be fully independent, we always have large stocks of material.

Our Partners can be sure that their orders will be executed on time and at competitive prices.

Continuous high inventory

Stability of order execution is the priority of FroGum®.

To be able to meet expectations and execute continuously orders of our Partners, in FroGum® we invested in modern warehouses.

Owing to high inventory levels we execute orders of our Partners on a day-to-day basis.

Environmentally friendly manufacturer

FroGum® is the environmentally aware manufacturer of rubber and TPE products.

We always care for the natural environment. Our production processes and high-quality raw materials are certified and focused on the lowest possible environment impact. We are committed to zero waste practices, and recycling is something that is very important to us – our products can be recycled.

Our Partners are sure that our production and products do not harm the environment.

Unique design

FroGum® continuously invests in innovative design, technological and structural solutions.

Our design philosophy is based on the solid principles that enable us to implement innovations and create our vision. A passion for creation is the DNA of our company. Our designs are elegantly balanced – proportions create our characteristic style, giving a sense of scale and beauty to each model.

Icons are born on those foundations

MAESTRY OF POWER

Luxurious comfort of travelling

Dead pedal
- comfort zone to put away driver's feet

Exceptional stability owing to the matched stopwatches – easy click assembly

Perfect match owing to the innovative **3D SCAN** technology

Additionally strengthened, top edge- up to 7 cm always protects against dirt

Extremely durable material with a unique anti-skid dirt-resistant structure

LUXURIOUS COMFORT AND UNIQUE PRESTIGE FINISH PowerHalt Unique Surface Technology™

unique surface technology that provides an elegant effect and further enhances the anti-slip effect. The distinctive design gives an individual character to a car interior and always decorates it.

PERFECT PROTECTION AGAINST DIRT

they have the highest edges – up to 7 cm - that ensure that any dirt collected on the carpet does not escape outside its area. Thanks to that the car will always be protected against undesirable pieces.

EXTREME DURABILITY AND RESISTANCE UltraFlex Dual Polymer Technology™

is a unique composition of two materials with highest wear resistance even in extreme conditions. It maintains its flexibility and resilience from -50°C to +110°C. The carpets are also chemical, UV and wear resistant. The material of ProLine mats is definitely the thickest and the most durable between our whole product range.

COMPREHENSIVE PROTECTION AND PERFECT STABILITY MaxEdge Technology™

special highest raised edges on the market are so stiffened as to prevent their deformation. This special edge design causes that the carpets perfectly fit the base of walls.

PERFECT FITTING

Our experts scan car interiors using innovative 3D technology so that the carpet perfectly fits a particular car model. After implementing of a prototype, every model is trying on "for real" and then authorised for the mass production. Technologists take into account not only a car make and model, but also its year of production and where appropriate, its chassis.

Highest Premium Quality

Environmentally friendly 100% Zero-Waste

Become our Partner!

We are seeking close cooperation with our business Partners, based on loyalty, reliability and honesty. Instead of being happy with short-term success, we seek long-term relations.

It is a marathon and therefore mutual trust is crucial for us. Our principle is to be satisfied with our work only if our business Partner is satisfied.

Our philosophy of running a business is Partnership and satisfaction

We always assume that a business must make profits for each party. Therefore, we offer to our business Partners:

- Stability
- Clear Rules
- Profit

and treat this as our obligation. We believe that this is the basis for perfect, satisfactory business relations and generation of increasing profits in an easy and comfortable way.

How we co-operate?

- Experienced and stable sales team
- Short lead time
- Modern storehouses and production plant
- Efficient logistics in the centre of Europe
- Highest quality of products and materials

Our aim is the satisfaction of all Partners from service and support quality – so as to they become our best supporters. We believe that because of our commitment we provide additional values – Honesty, Confidence, Control.

Time is money – all value it, especially in those days. We care about your comfort. Being our business Partner, you can comfortably place your orders at a time convenient for you by using B2B platform with one click.
